

FIFA Leadership chain-debate

A. Arrange into a circle or row with your group

B. The first student starts the chain debate with the following argument:

"FIFA's proposal to create FFE was a bold move to modernize football's financial structure."

C. Each subsequent speaker must:

- **Spin** the previous argument to support their stance (e.g., reframe progress as corruption)
- At any point, any student may **challenge** the current speaker's argument or ask them a question. The speaker may accept or decline the POI.

D. The chain of spinning opposing arguments continues until all group members have contributed.
